

FORD ECONOVAN

Ford Australia - We're moving with you.

FORD ECONOVAN - the economical van

van -
ear wheel.

"A tough, economical load carrier, that doesn't short change you on comfort."

"With single rear wheels, there's more height inside so it's easier to carry tall loads. And the wide side door's handy too. It makes it simple to organise your day, especially when you're picking up and delivering."

"Convenience is built in. There are binnacle switches on each side of the instrument panel. These unlock the rear door and control the rear wiper, washer and demister. Another feature is the remote control that operates the petrol filler cover."

Econovan - Dual rear wheel.

"Dual rear wheels and no wheel arches give me wall-to-wall load space."

"A flat floor sure makes loading straightforward - just right for sliding in bulky hi-fi gear, speaker boxes and the like."

"The five-speed gearbox does a great job. Econovan moves well through the lower gears, while overdrive fifth comes into its own on the freeway. And seeing it's a 1.4 litre, you get a good run for your fuel dollar."

"On the inside, the interior is clearly set out, a rack and the steering wheel. I like the driving position, the brakes on the front and the ride which is as independent as a horse."

Econovan - 6-seat XL Mod

"Our Econovan XL carries 6 in comfort."

"When the 'load' we're carrying is people - we turn to the versatile Econovan XL. All the economy, style and features of the Econovan but with comfortable seating for 6 people, each seat facing a trip meter, a clock, 100 space, 100 folds."

It's just as economical as the Econovan - the economical van.

Ford Econovan. The economical van with features, performance and fuel efficiency built-in.

High-tech 1.4 litre engine. Advanced design, impressive power output. Alloy head of cross-flow design with high efficiency ports and multi-spherical combustion chambers for performance with excellent fuel economy.

Five speed manual transmission. The five-speed gear box enables the power and torque of the engine to be effectively utilised. Changing is smooth and positive, with the gear lever being located close to the driver's seat providing for three-across seating comfort.

Front disc/rear drum brakes. With disc brakes on the front and self-adjusting drum brakes on the rear, Econovan provides excellent braking performance. Other features are the split braking system, and Trid Sensing Gravity Valve which adjusts rear brake line pressure under varying load conditions, so helping to reduce the possibility of rear wheel lockup when running light.

Single or dual wheels. Single rear wheels for a lower floor and more room for higher loads. Dual rear wheels with no hungry wheelarches for a flat load floor.

Independent torsion bar front suspension. This is the major feature behind Econovan's ride, comfort and quietness, even on rough surfaces. Large rubber bushes are fitted to the rear leaf springs to help isolate the rear end from road noise and shock. Rack and pinion steering. Econovan gives you the light feel and precision of rack and pinion steering. Tight 8.6 metre turning circle. Only 4.6 turns lock to lock.

*Payload is defined as Gross Vehicle Mass less Kerb Weight. Kerb Weight includes all fluids and a full tank of fuel - less the weight of driver and any passengers.

Model	Rear Wheel Configuration	Payload* (kg)
Econovan	Singles	1045
Econovan	Duals	1020

You'll find Econovan strikes an excellent balance between load carrying capacity, driver comfort and operating economy. It is 'the economical van'.

About this brochure. This brochure is designed to provide you with a general introduction to the Ford Products (including available optional equipment) referred to, and should be read in conjunction with the latest specification sheets. Because of changes in conditions and circumstances Ford reserves the right, subject to all applicable laws, at any time, at their discretion, and without notice to discontinue or change the features, designs, materials, colours and other specifications and the prices of their products, and to

either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser or purchaser.

The latest specification sheet should be referred to for information on the availability, ordering and use of optional equipment. Always consult an Authorised Ford Dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to place an order.

FORD TRUCK FORCE

FORD ECONOVAN

ECONOVAN

Available with single rear wheels offering a usefully low load height or with dual rear wheels for a flat load floor uninterrupted by wheel-arches

Standard Features

- 1.4 litre OHC crossflow head petrol engine
- Five speed floor-mounted manual transmission
- Rack and pinion steering system
- Comfortable three-across seating
- Contoured driver's seat
- Inertia reel outboard seat belts
- Finger-tip binacle switches for rear demister, rear wash/wipe, and remote rear door lock release
- Push-button AM radio
- Laminated windscreen
- Steering column stalks for headlights, turn indicators and windscreen wipe and wash
- Remote fuel lid release
- Intermittent setting for windscreen wipers
- Instrumentation designed for easy reference
- Warning lamps for high-beam, oil pressure, alternator, hazard, brake fluid and parking brake
- Illuminated ignition lock
- Four speed ventilation fan
- Four dash ventilation outlets
- Side window demister vents
- Grab handles
- Front and rear interior lamps, door operated
- Left and right hand side exterior rear view mirrors
- Vinyl floor matting throughout
- Gas-filled support struts for the rear door
- Centre caps on wheels
- Front and rear mudflaps
- Bodyside protection mouldings

- Monocoque body construction

XL Van Features

- Second row foldable seat with seat belts (the XL Van seats six)
- Cloth seat facings
- Half-sliding centre side windows and fixed rear side windows
- Carpet floor covering in the cabin and cargo area
- Tripmeter
- Quartz analogue clock
- Soft-feel steering wheel and gear shift knob
- Bright grille and body mouldings
- Illuminated cigarette lighter and ashtray

1.4 Litre Petrol Engine

- 4 cylinder overhead camshaft crossflow petrol engine
- Displacement, 1415 cc
- Taxable horsepower (RAC rating), 14.7 HP
- Compression ratio, 9.0:1
- Bore/stroke, 77mm x 76mm (3.03" x 2.99")
- Maximum power, 46.6 KW @ 5500 RPM
- Maximum torque, 105.2 Nm @ 3000 RPM

Transmission

- Standard equipment on Econovan is a five speed

all-synchromesh transmission with floor mounted shift

- Gear ratios, 4.188, 2.407, 1.442, 1.000, 0.885, Reverse, 4.027

Clutch

- Single dry plate, diaphragm spring

Steering

- Rack and pinion steering
- Ratio, 25:1
- Lock-to-lock, 4.6 turns
- Turning circle diameter, 8.6 metres (kerb to kerb)

Suspension

- Fully independent front suspension system. Designed for easy adjustment of geometry
- Rear suspension features two-stage semi-elliptic leaf springs, with splayed shock absorbers
- Semi-floating rear axle. (Dual rear wheel models have a rugged fully floating rear axle.)

Brakes

- Dual line, power-assisted with a load-sensing "g" valve
- Ventilated front disc brakes
- Self-adjusting rear drum brakes

PLEASE NOTE

1. This specification sheet contains a general description only of the Ford Product referred to on the sheet, its specifications and features and the optional equipment which is currently available for use on or in connection with such product. Generally the optional equipment referred to is available at extra or variable cost. Certain optional equipment can only be used or ordered in combination with other optional equipment. 2. The illustrations, information and specifications presented and referred to in this specification sheet were correct at the time when the specification sheet was approved for printing. However, Ford Motor Company of Australia Limited and/or Ford Sales Company of Australia Limited reserve(s) the right, subject to the laws of Australia and/or any applicable State or Territory thereof and/or the regulations of any competent Authority which may apply from time to time, at their or its discretion at any time and without prior notice to discontinue or change the models, features, specifications, designs and prices of the product referred to in this sheet and any optional equipment therefore without incurring any liability whatsoever to any purchaser or prospective purchaser of any of such products. 3. All capacities, measurements, dimensions and weights quoted in this specification sheet are approximate only. 4. Because of the possibility of changes in models and the information, specifications, features, standard equipment and optional equipment of or for the product referred to in this specification sheet a prospective purchaser is strongly advised to consult an Authorized Ford Dealer for the latest information on models, specifications, features, standard equipment, optional equipment, prices and availability before placing an order. 5. From time to time deliveries are delayed by causes outside the reasonable control of Ford Motor Company of Australia Limited, Ford Sales Company of Australia Limited or their Authorized Ford Dealers. When an order has been placed, please keep in touch with your Authorized Ford Dealer.
